House of Master Brushes Fine Art

Letter of Appreciation

Dear Valued Collector,

On behalf of Tom Pergola, Master Artist, and every hand that contributes to the House of Master Brushes Fine Art, we thank you for welcoming "Sovereign Landscape" into your collection.

Each piece produced under this house is created in the studio, by hand, with the intention of carrying its own quiet weight for many years to come. Your patronage is what allows this work to continue.

We hope this piece rewards you with a new detail every time your eye returns to it — that is the promise the studio holds to every collector.

With sincere gratitude,

Tom Pergola

Master Artist, House of Master Brushes Fine Art
